terminologies, enhancing their readiness for both the BULATS test and real-life communication challenges.

Content and Structure

Audio Material Composition

The audio CD comprises approximately 60-70 minutes of recordings, segmented into multiple tracks that align with different business contexts. These include:

However, with technological advancements, reliance solely on audio CDs may seem outdated. Many learners now prefer digital formats, interactive platforms, and online resources that offer adjustable playback speeds, transcriptions, and immediate feedback. While the physical CD remains functional, integrating this resource with digital tools could enhance its effectiveness.
