Analysis of Common Challenges Faced by Learners in 2014

Despite clear guidelines, numerous learners encountered difficulties during the PAT 2014 Phase 1, stemming from various factors:

Lack of Clarity in Topic Selection

Many students struggled to identify relevant or manageable topics within the tourism industry. Some chose broad themes that lacked focus, while others selected topics outside their community context, making research more difficult.

Limited Research Skills and Resources

Access to reliable data sources, especially secondary data, was a significant hurdle. Learners often lacked training in research methodologies, leading to superficial or incomplete preliminary research.

Time Management Issues

Balancing PAT activities with other academic responsibilities proved challenging. Poor planning resulted in rushed submissions or incomplete planning phases.

Understanding of Ethical and Methodological Considerations

Some students failed to consider ethical issues, such as obtaining consent for interviews or surveys, which could compromise data integrity.

Inadequate Reflection and Critical Thinking

Reflections on challenges and potential solutions were often superficial, reflecting limited critical engagement with the process.

Broader Implications for Tourism Education and Policy

The insights from the 2014 PAT Phase 1 reveal key areas for curriculum enhancement and pedagogical strategies:
